

Mastering Physics Preferred Proctoring Hours

Mon	1-3	Sukeert		
Tues	10-2	Sukeert	4-6	Jaimie Stephens
Wed	12-2:30	Nate	2:30-6	Sukeert
Th	12-2	Paul		
Fri	12-4	Nate		

To take a quiz, email one of the TAs and arrange a specific time to meet in the lobby.

TA emails:

Sukeert: sukeert@unm.edu

Jaimie: jstephens@unm.edu

Paul: pgieri89@gmail.com

Nate: nristoff@unm.edu

Students will take the quizzes on their own laptops. (If you don't have a laptop, let the TA & me know. We will find one.)

Students are allowed calculators (and can use cell phones as long as they are using them only as calculators, not surfing or reviewing notes.) They are not allowed notes. Scratch paper is fine. They should not be opening any windows on the computer other than the Mastering Physics website. They have a half an hour to do the quiz.

Passing = perfect. If you do not pass, email me to reset the quiz to try again. You can't try the same quiz again on the same day... they need to take it the following day. You will probably get a different question for each attempt.

Students can work in the P&A lobby, or in room 4 or 5 if those are unoccupied.
