

Physics 110 Introduction to Applied Physics

8 week course starting March 19, 2007

3 credits

Designed for students who need to drop Physics 151 or Physics 160 but still need 3 credits and need to learn skills to succeed in Physics 151 or 160 in a subsequent semester. Drop Physics 151 or 160 and take Physics 110. Keep your dream major and your scholarship alive. May be taken before Physics 151 or Physics 160. May be taken if you need to drop Math 180, 181, 162. (May not be taken with P151 or P160).

Topics: cell phones, vectors, motion and projectiles, sound and musical instruments, simple circuits, solving equations, solving word problems

Instructor: Dr. Kathryn Dimiduk

Meets: Monday through Thursday in Regener 114 from 7:30-8:45 AM.

Yes, you do have to get up early, but that way Physics 110 won't interfere with your other classes.

Register on line for Physics 110

Questions: email Dr. Kathryn Dimiduk at dimiduk@unm.edu
